

ROSAN RANJAN PATEL

+91 8457044770 • ranjanpateloff@gmail.com • [Portfolio](#) • [Linkedin](#)

Software Engineer with 2 years of experience with an exceptional development ability and extensive knowledge of core and advanced JAVA, Spring boot, Microservices, jsp. Also have excellent analytical and problem solving skills and a strong ability to work with minimal supervision.

Experience

JAN 2022 – PRESENT

Software Engineer | Albaanero | Hyderabad, India

- **RESTful Web Services API Development:** Designed, developed, and tested RESTful web services APIs from scratch, ensuring robust and scalable solutions.
- **Client Requirements Assessment:** Successfully managed and assessed diverse client requirements, ensuring alignment with project goals and delivering tailored solutions.
- **Microservices Expertise:** Demonstrated hands-on experience in developing and integrating microservices, utilizing Consul for service discovery and configuration.
- **Critical Bug Resolution:** Identified and resolved critical bugs and errors across various projects and applications, enhancing system stability and performance.
- **Team Collaboration and Reporting:** Actively participated in weekly team meetings with managers, providing detailed progress reports and contributing to strategic planning.
- **Code Review and Testing:** Conducted thorough reviews and testing of existing codebases, identifying and fixing bugs to improve code quality and functionality.
- **Java Developer Onboarding:** Played a key role in hiring and training new Java developers, fostering a collaborative and productive team environment.

Projects

Joystick junction

- Developed a comprehensive social media application using Spring Boot for the backend and React for frontend.
- Utilized Spring Boot to create robust RESTful APIs, ensuring secure and efficient data handling. Implemented robust security measures using Spring Security to protect user data and ensure secure access.
- Integrated with MongoDB for efficient data storage and retrieval
- Implemented a dynamic and responsive user interface with React, enhancing user experience and engagement.

Skills

- JAVA, Advanced JAVA, and stream API
- Spring boot, Spring MVC, JPA
- Database: MongoDB
- Microservices
- Node.js, Express
- UI - React.js, HTML, CSS
- Tools - IntelliJ, VScode, Postman, Nosql booster

Education

DEC 2020 - AUG 2022

Masters in computer science and application(MCA) | Utkal University, Bhubaneswar
